Please click on the **SISCON** link and register as “New User” by filling in the required information.

**Password requirements:** Passwords must have a minimum of 8 characters, including an uppercase letter, a lowercase letter, a number, and a symbol. It shall not include the user’s first and last name.

Once you’re registered, please log in with your user’s name and password.

#### How to upload a paper’s abstract

Please, choose the Congress you’ll be present a paper in:

Click on the light blue button, “New”, on the screen’s right side, to upload the abstract. Please fill in items 1 to 6, but skip step No.5.

You can type your synopsis/abstract directly on the related window, or you can copy/paste it from your original file. In this latter case, there will be no format constraints (font's type/size, quoted references, alignment, etc.).

- Accepted languages: Spanish or English. **The synopsis (abstract) shall be in English if the paper is written in Spanish.**
- Title: Abbreviations are not allowed. It must be concise, informative, and content-relevant.
- Please, select whether the abstract/synopsis is related to a Congress' topic, Symposiums or Conferences.
- Remember that the abstract shall be a minimum of 100 words and a maximum of 400 words that summarizes the objectives, methodology used, and conclusions of your work.
- Do not include:** figures, charts, bibliographical references, keywords.

Should the abstract be uploaded by the paper's main author him/herself, he/she must check the associated box on item 4, "Information on the author". Uploading at least one or two co-authors of a paper is recommended to provide contact information for any eventuality.

Please fill in until item 6 to save the author's information and abstract. SISCON shall send you an e-mail to confirm that the abstract has been successfully uploaded. **Please make sure that this e-mail has not been forwarded to your SPAM or JUNK MAIL inboxes.**

During the first stage, you'll be able to upload your abstract. Upon receiving the SISCON's approval notice by e-mail, you'll be able to upload the final paper's file.
